Check-In Identification Information

Instructions from the sponsor regarding identification items that will be needed at check in. Employees will need City ID, if available or most recent pay check with and ID. See more details below.

"We understand that a lot of companies do not have ID badges. Upon c/in, the front desk will ask for an ID and the cc that was used to make the reservation, then if the guest would like to pay cash that is fine as well. The front desk will then refund the cc that was used for the reservation. We do accept debit cards; however it can not be used for charging privileges' to the room. A debit card can be used to for purchases throughout the Lodge. The person checking in must be at least 21 and the name on the reservation. A spouse can not check in if they are not on the initial reservation. Contact me if you have any questions / comments, always. I will help in any way that I can.

We want guests to have a great experience and come back! Dawn J
